PURPOSE:

Avenue II will ensure that people we supported are provided with applicable assistance to monitor their health concerns, identified in their Individual Support Plan.

Regulation 299/10 7(1)(2)

PROCEDURE:

People are supported to attend regular medical and dental appointments as needed to monitor their health.

All appointments are documented on Medical Information Sheets and a copy is kept in the person's central file. Documentation is required for any health related appointment and not limited to physician or dentist. As per policy MD 140 Medical Appointment Documentation Document.

Avenue II will provide training to its staff on meeting the specific needs for the health and well-being of persons with a developmental disability, including any controlled acts as required or arrange for the training to be provided by third party health professionals or medical professionals.
