## General Information

### YEARLY UPDATES

Every year we update our knowledge and show our understanding of WHMIS controlled products that may be present in our workplace. This year's training will be done online through aixsafety.com.

We have added the IPAC component to the yearly training due to our current climate. You may have completed this training at the request of your manager in the past. The training is provided through eLearning by Public Services Health & Safety Association.

### Expectations and Goals

At the end of your training, you should have a renewed understanding of:

- How to recognize and deal with WHMIS controlled products
- What Infection Prevention and Control is and why it is important
- How Infections are spread
- What steps you and others can take to prevent and control infections in our workplace

### Completion Details

In order for your training to be recognized as complete you must:

WHMIS - enter the date and your name before starting the quiz & print or screen shot the certificate

IPAC - Once you review the material, please screen shot the final page and let us know the date you completed the eLearning

Submit the certificate and/or screen shots to Georgie.

If you have any questions during your training, please reach out to your manager to discuss.

### BONUS

If you complete both modules of the training and submit to [georgie@avenueii.com](mailto:georgie@avenueii.com) by the 31<sup>st</sup> of May, your name will be entered into a draw for a prize.
